

Duaa Elhassan

duaa.al@gmail.com /duaaelhassan.it.com/ Istanbul, Turkey

SUMMARY

Presales Cloud Architect (8+ yrs) specializing in Google Cloud/Workspace GTM, architecture, and adoption for GCC enterprise and public-sector accounts – including an end-to-end Google for Education rollout for Oman's Ministry of Education (100,000+ students/teachers). Native Arabic speaker; deep SSO/identity and Gemini/AI adoption expertise.

EXPERIENCE

NGC

Presales Cloud Architect | Turkey MENA | Feb 2025 – PRESENT

- Own end-to-end technical GTM strategy for enterprise accounts across Turkey and MENA, from solution design through architecture and delivery.
- Act as primary technical advisor across the sales cycle, translating business and academic/technical requirements into architected Google Cloud and Workspace solutions, including Gemini integration.
- Lead technology adoption initiatives for emerging AI capabilities – running customer-facing demos, workshops, and change-management sessions with Arabic- and English-speaking stakeholders across the GCC.
- Own security, scalability, and cost governance across proposed architectures, meeting business objectives and PDPL/NCA-CST compliance.

Pre sales Cloud Engineer | Turkey MENA | MAY 2023 – 2025

- Partnered with sales teams to scope client requirements and architect tailored Google Cloud and Workspace solutions for enterprise clients.
- Delivered technical presentations, live demonstrations, and hands-on workshops that drove stakeholder buy-in and accelerated adoption.
- Designed and guided migration/integration of legacy systems onto Google Cloud and Workspace, including SSO, IAM, and 2SV architecture for enterprise identity requirements.
- Managed implementations, upgrades, and change requests across multiple concurrent client engagements.

ISOLUTIONS

Google Cloud Deployment Specialist | MENA | APR 2022 – APR 2023

- Managed access control, SSO, and identity administration for clients, ensuring secure and efficient authentication at scale.
- Built and coordinated automation scripts to streamline recurring operations and reduce manual overhead.
- Diagnosed and resolved complex customer technical issues to keep Google Cloud services running reliably.

Google Workspace Deployment Lead | MENA | APR 2021 – MAR 2022

- Led end-to-end Google for Education rollout for the Ministry of Education, Oman, covering 100,000+ students and teachers – owning technical discovery, solution design, customization, and delivery with a dedicated team.
- Directed platform customization and large-scale training programs to drive adoption among students, teachers, and administrative staff.
- Delivered webinars and trained global client teams on technical concepts, leading knowledge-transfer initiatives at scale.
- Broke down complex deployments into achievable milestones for cross-functional support and delivery teams.

GWS Deployment Specialist | MENA | APR 2019 – APR 2021

- Assessed and migrated on-premise and cloud-based mail delivery systems; implemented Cloud SQL, BigQuery, and automation solutions that cut delivery time by over 50%.

Customer Support Eng. | MENA | OCT 17 – APR 19

- Ensured client success through proactive technical support as lead resolver on escalated issues.
